

Data Sheet

Product Information

Catalog Number	BP15135
Product Name	Mbx2329
Description	MBX2329 is a specific inhibitor of HA-mediated viral entry that inhibits H1N1 virus strain high pathogenic avian influenza H5N1 virus strain.
CAS No.	1438272-42-4
Chemical Formula	C ₁₆ H ₂₆ ClNO
Molecular Weight	283.84
Solubility	DMSO: 60 mg/ml (211.39 mM)
Storage	Powder: -20°C for 2 years In solvent: -80°C for 1 year
Chemical Structure OR Tested Image
