

Data Sheet

Product Information

Catalog Number	BP18576
Product Name	MM-22
Description	biotinylated anandamide analog acts as a probe for visualizing the accumulation and intracellular trafficking of anandamide
CAS No.	956605-71-3
Chemical Formula	C ₃₆ H ₆₀ N ₄ O ₅ S
Molecular Weight	660.96
Solubility	DMSO: <66.09mg/mL Ethanol: <33.05mg/ml
Storage	Powder: -20°C for 2 years In solvent: -80°C for 1 year
Chemical Structure OR Tested Image	

Purdue Bioscience Inc.
